UPWARD OF TWO MILLION DOLLARS LOSS, WITH ONE FATALITY.

Five Business Blocks and the Courthouse Destroyed-Losers and Losses -Other Fires of the Day.

BLOOMINGTON, III. June 19.-The fire which broke out in a laundry on Monroe street early to-day resulted in a conflagration which wiped out nearly one-half of the business portion of Bloomington, includest stocks of merchandise. Dynamite was used in demolishing buildings to arrest the progress of the flames, and the shock of an explosion caused the death of Robert L. Schmitt, aged nineteen years, who was a suffered from heart trouble. Two sides of the courthouse square are in ruins. Five blocks of buildings in the immediate vicinity of the courthouse square were destroyed. The courthouse is a ruin. Its walls are still standing, but the building was gutted from basement to dome. The court records were saved.

The loss is variously estimated at from \$1,500,000 to \$2,000,000. No lives were lost or any serious injury reported. At one time been killed, but this proved untrue.

The cause of the fire is unknown. The flames were seen breaking through the window of the Monroe laundry, one black northeast from the courthouse, and before the fire department had reached the scene the fire had spread to the fourstory brick building of the B. S. Green Company, adjoining. The water supply being deficient, the flames spread rapidly, and within an hour the entire block in which it started was destroyed, with the exception of the government building, in which the postoffice is located. This building escaped undamaged. Assistance arrived at this time from the Peoria and Springfield fire departments, and by the use of dynamite in blowing up buildings in the path of the flames the fire was brought under control just in time to save the next block to the west. The fire that was spreading east was checked in the same manner, and the remainder of the business portion of the city was saved. Later estimates of the losses bring the total close to \$2,000,000. I believe there is one man demanded by the voters of the country, and that is Governor Roosevelt.'

VIEWS OF COMMITTEEMAN GIBBS. National Committeeman Gibbs said: " have been here for a week attending meet ings of the national committee and from the time I arrived I have found only one sentiment, and that sentiment is for the nomination of the Governor of New York. The demand has become so great that although New York intended to take no action, I believe she is in the position where she will have to act. Governor Roosevelt cannot decline the nomination, he must not decline it. It seems to me it will make him stronger before the people if New York to-night indorses his candidacy and I hope that the delegation will take that action or that we declare we have no At this point Governor Roosevelt broke in: "You held the state convention. You

did not take any action about me," he continued. "You did not indorse me for the vice presidency. The temporary chairman. Senator Elsberg, gave expression to the feeling of the party when he said that the Governor should be renominated, as the people desired him. In any event, gentlemen, when I have in all sincerity taken my position I ask you to show your belief in that sincerity; I ask you to respect my wishes and respect my judgment. I have said this twice to-night, I can say nothing more. I ask you to pay the vice presidency. heed to what I have said." General Greene said: "I think be a serious mistake to nominate Governor Roosevelt for Vice President. A serious mistake for the party at large, for the party in New York, and for Governor Roosevelt himself. In my humble judgment he is the strongest man in the State for the office of Governor. It is very doubtful if anyone else can be elected Governor. I think if he is not the candidate for Governor we will lose the State of New York and thereby lose the Nation. If this delegation from his own State pays so little heed to what he has said, how can is based on the fact that Mr. Salisbury we ask any one else to trust his sincerity. If those who know him best indorse him as a candidate after what he has said what will others think of him? They will say as a gentleman from Ohio said yesterday: 'He has been seeking to get this nomination all the time.' They will argue that he has given way under pressure. He will be no help to the ticket if reflections are cast upon his sincerity. I agree that the State the Governor does not wish the vice presidency, to whom then shall we turn? The lieutenant governor is a worthy candidate. Senator Elon R. Brown: "I don't believe that there is a man in this delegation who

believes that the Vice President should go away from the State of New York, but I don't believe that there is anyone who thinks that the governorship of New York is not a more important office than Vice President, Governor Roosevelt dissents from that, but that doesn't change my views; and the voice of the people of New York is that the governorship is an important office and that Governor Roosevelt should stay in it. The people are satisfied with him. If he is removed from that office disadvantage. It is important, of course, that New York should have the vice presidential nomination, but the carrying of the getting that nomination. The State will give McKinley 100,000 majority this year. The sentiment in the country-I cannot speak for New York city-is that it will be better for both the national and State ticket to have Governor Roosevelt remain in the State. No other man can fill the Attorney General Davies said: "I cannot consent as the representative of some of the people of New York to put Governor Roosevelt in a false position and I shall vote against making him a candidate for Vice President. Ex-Senator Sloan: "My colleague, Senator Brown, has not only expressed his views but my view. In the district which I represent the feeling is so strong that the Republicans demand the candidacy of Governor Roosevelt for Governor."

WISHES SHOULD BE RESPECTED. Lewis E. Carr: "It seems to me that the wishes of Governor Roosevelt should be respected-that he should be nominated again for the governorship, and that we should not force upon him the nomination for Vice President.

Leslie W. Russell: "If I was the worst enemy of Governor Roosevelt I would ask him to accept the office of Vice President.

OHIO-One of the prettiest contests among the State delegations was that today in the Ohio delegation for national committeeman. Three candidates had announced themselves, and while it seemed certain that George B. Cox. of Cincinnati, would be chosen, one of the other candidates, M. A. Norris, of Youngstown, suddenly developed unexpected strength. Just prior to the meeting his friends asserted that he would be elected. They reckoned without the votes, however, for, of the forty-six votes in the delegation, Cox received twenty-nine. Of the other avowed candidates, Norris received fourteen and Chase Stewart, of Springfield, one. other two votes were cast for Charles Dick, one of the Ohio "Big Four."

MINNESOTA-The Minnesota delegation will meet to-morrow morning to consider the advisability of placing the name of ex-Senator W. D. Washburn, of that State, efore the convention for Vice President. It is believed to be almost certain that the delegation will decide to honor the ex-Senator, and Cushman K. Davis will be the man to make the nominating speech. Many of the delegates to-night expressed themselves as being in favor of naming Mr. Washburn and to vote for him until a candidate is decided upon.

RHODE ISLAND-Rhode Island is for President. If the Massachusetts man stands good show on the succeeding votes, then the delegation will stand by him; otherwise, they will switch to Dolliver. "Rhode Island is well down in the list of States. said one of the delegates to-night, "and if we can see who is likely to be named by the time our State is called, we will vote for that man. It would be foolish if we

NEW JERSEY-The action of the New Jersey delegation to-day in deciding to support Long for second place on the ticket is not considered binding by the delegates from that State. Senator Sewell, the chairman of the delegation, and who is an administration man, is responsible for the New Jerseymen supporting Mr. Long. If he administration should give a hint that it is for some other cardidate, the delegation will be the first to turn in for that

MARYLAND-The contest for national committeeman in the Maryland delegation resulted to-day in the election of Senator McComas over Mayor Malster, of Baltimore, by a vote of 11 to 5. KENTUCKY-The Kentucky delegation held a conference to-night to consider the vice presidential situation. The delegates came instructed for former Governor Bradof New York ought to have a candidate, ley, but in view of the popularity of Governor Roosevelt, it was deemed expedient to change their plans. During the consultation, Mr. Bradley positively refused to have his name presented to the convention. The delegation was polled, and it is said will vote solidly for any candidate satisfactory to the administration. CALIFORNIA-After two days of uncer-

tainty the California delegation to-day decided to support Secretary Long for Vice President. Some of the delegates would be glad to vote for Governor Roosevelt, but they are inclined to take him at his word and refrain from voting for him. George Knight, chairman of the delegation, said to the vice presidency, it will be to their to-night that in the circumstances it would cast its eighteen votes for Long. The secretary is very popular, not only in California, but all along the Pacific coast, and, with State does not depend upon New York | Governor Roosevelt out of the race, he from that section. × × ×

KANSAS-The Kansas delegation met

this evening and decidedly unanimously to

support Roosevelt for Vice President. The

declaration was made in a few minutes. Having made it the delegation determined to clinch the decision on the spot. Headed by Judge Burton, chairman of the delegation, the members called on Governor Roosevelt at his room. Judge Burton announced to the Governor that the Kansas delegation had determined unanimously and irrevocably to support him for Vice President. In his reply Roosevelt reiterated the statements he has made during the past three days, insisting that he did not lesire the nomination and urging all his friends to refrain from voting for him. At the conclusion of the Governor's statement, Judge Burton said: "Governor, we have heard your wishes. Now listen to our demand. You must be the candidate for Vice President." Then turning to the members of the Kansas delegation resplendent in their silken sunflowers, he said: Gentlemen, allow me to present to you the next Vice President of the United States."

WISCONSIN-S. M. Reese, of the Wisconsin delegation, said that last night, with practical unanimity the delegation adopted a resolution declaring for Governor Roosevelt for Vice President and announcing that Wisconsin would support him in the convention. To-day the New York Governor asked them to refrain from voting for him. Mr. Reese said, so far as he was concerned, he proposed to accede to the expressed wishes of Governor Roosevelt. "Any New York man upon whom the done anything to be ashamed of, anything | vated him to the governorship of New York | New York people can agree and who is satisfactory to the administration is my choice," said he. "That I think expresses the sentiment of the entire delegation. If animus of this unpleasantness, and that for Vice President or not the majority of the race should be open. I think I shall the delegates from New York are in favor vote for Mr. Bliss and perhaps some others in the delegation will. It is not improbable, too, that Dolliver may get some Wisconsin votes. Of course, as indicated by the resolution adopted last night, the preference of the delegation is for Roosevelt. At 9:30 to-night the Wisconsin delegation It will go Republican even if Roosevelt is had a meeting for the purpose of again taking action upon the vice presidential question. After fully discussing the situation the delegates decided to do nothing further. The sentiment was that if Governor Roosevelt's name should come before the convention the Wisconsin delegation should stand by its resolution of last night and support him.

VIRGINIA-George E. Bowden, national committeeman from Virginia, in speaking to-night for his delegation, said: "Virginia has expressed no preference in relation to the vice presidency. The delegation so far is loose and fancy free. It is a McKinley

COLORADO-The Colorado delegation will meet to-morrow morning and resolve to vote for Governor Roosevelt for Vice President. Several members of the delegation do not look on Roosevelt's nomination with favor, but will acquiesce to the wishes of Senator Wolcott.

NEBRASKA-The Nebraska delegates will caucus to-morrow to settle the difficulty over the election of a national committeeman from that State. The members of the delegation are still strong for Dolli-Roosevelt stampede the delegates will be found in it. W. F. Gurley has been invited nomination and has accepted.

IOWA-The Iowa representatives are as confident as ever to-night over the chances of their candidate for Vice President. It is their belief that Dolliver is the strongest man in the field. They have not yet taken a poll of the States, but have received many conditional promises × × ×

MASSACHUSETTS-The Massachusetts delegates are not leaving a stone unturned in pushing the Long boom. To-night it was the consensus of opinion of the delegation that Long is stronger than he has been at any time since he became an avowed candidate. The delegation was visited to-day by members of the Nevada, Michigan, Missouri and Illinois delegations, who assured the Massachusetts men that Long would get some of the votes of those States. Tonight the Bay State men had a caucus at which were present many delegates from other New England States. All but Connecticut have promised to vote for Long on the first ballot, but the Nutmeg State is expected by Long's friends to fall into line when the time comes. After the caucus had adjourned, some of the Massachusetts delegates figured that up to the present time 146 votes were promised for their man on the first ballot. The bulk of these come from New England and the other are scattered among Michigan, Missouri, Nevada, Illinois, California and Alabama. A telegram was sent to Secretary Long to-day to the effect that Senator Lodge had accepted the honor of nominating him for the vice presidency and that the delegates were "on Secretary Long on the first ballot for Vice | the road to victory." A committee was appointed to invite a delegate from another State to second Mr. Long's nomination. New Jersey will probably be asked to designate one of her representatives to

make the speech. WEST VIRGINA-Senator Scott. of West Virginia, said to-night: "The West Virginia candidate for the vice presidency. As soon as it makes known its wishes, the delegation will support President McKinley to the end." Senator Scott could not say whether the name of Senator Elkins would be presented to the convention for second place

on the national ticket. PENNSYLVANIA-There has been no caucus of the Pennsylvania delegation since the formal organization yesterday. Ex-Senator Quay and his friends stated tonight that the delegation is still for Roosevelt, and will vote for him when the time comes. State Senator Flynn, the bitterest opponent of Quay in the State, called on Senator Hanna to-night and is said to have offered him the half dozen or more anti-Quay votes in the Pennsylvania delegation for Long or any other candidate Hanna

may want them for.
